## International Conference on Design, Combustion, Energy, MEchatronics, Composites and Hydrodynamics

**IC DCE MECH - 2K20**  
**26<sup>th</sup> and 27<sup>th</sup> MARCH, 2020**

## About the College:

**Dhanalakshmi College of Engineering (DCE)**, an offshoot of the prestigious Dhanalakshmi Education Trust was set up near Tambaram at Chennai in the year 2001-2002. DCE is the brainchild of the eminent and dedicated academician and former Professor of Anna University Dr. V. P Ramamurthi. The college is approved by the All India Council for Technical Education (AICTE), New Delhi and affiliated to Anna University, Chennai. DCE is a sister institute of the Indian Institute of Professional Education(IPE), an institute offering coaching for professional courses entrance examinations, also founded by Dr. V. P. Ramamurthi in the year 1993.

**Dhanalakshmi College of Engineering** has now grown into a 'distinguished centre for Engineering and Technological studies', providing a serene environment and congenial atmosphere for learning. The institution not only provides quality engineering education to mould the students into technologically sound, efficient, effective, and creative engineers but also moulds them as responsible human beings.

## About the Department:

At DCE, we ensure that our Mechanical Engineering Students get a strong foothold in the basics while forging ahead into more complex areas of mechanics. Our laboratory is well-equipped and students get a real-time grasp of theoretical concepts with livewire projects. Our mechanical engineers are lapped up by top companies during campus recruitments each year.

## About ATALON:

ATALON is founded in 2009 as a service provider for DEWERTON, Austria. The company is a system integrators and solution providers for various sensors and instrumentation systems.

ATALON also has its testing centre for vibration and noise analysis in automobiles. The company extends its technical excellency by organizing workshops, seminars and conferences at various organizations.
